

March 2012 Monthly traffic update

5.5%

Total international passenger volumes (excluding transit passengers) at Auckland Airport increased by 5.5% versus March 2011. The growth was higher in arrivals which were 7.1% up on March 2011. Arrivals growth was largely driven by travel from Australia and China. The growth from Australia was supported by increased arrivals in late March 2012 due to earlier school and Easter holidays than the prior year.

China 3rd

Total Chinese visitor arrivals for the 12 month period exceeded visitor arrivals from the USA for the first time ever. Chinese arrivals became Auckland Airport's third largest inbound market after Australia and the UK. Daily China Southern services from Guangzhou introduced in November 2011 have continued to deliver growth from China.

1million

Queenstown Airport achieved a major milestone achieving over one million total passengers in a 12 month period for the first time.

March 2012 was a strong month for growth in domestic passenger volumes at Auckland Airport's other airports with total domestic passenger volumes up 14.4% at Queenstown Airport, 10.3% up at Mackay Airport and 6.9% up at Cairns Airport.
