

## May 2013 Monthly traffic update

### 9.4%

International passenger volumes (excluding transit passengers) at Auckland Airport were up 9.4% versus May 2012. The strong international passenger performance was driven by growth on North American (+32.1%), Asian (+8.4%) and Australian (+8.1%) routes. Passengers on North American routes increased by more than 13,000 passengers year-on-year in May 2013. Honolulu (+5,676), San Francisco (+3,384), Los Angeles (+2,388) and Vancouver (+1,773) were all significantly up.

### 29.9%

Visitor arrivals from China were 29.9% higher than May 2012. Chinese visitors to Auckland have nearly doubled in the past two years from 8,620 in May 2011 to 16,167 in May 2013. Over this period we have seen significant growth on direct services from China (China Southern and Air New Zealand) as well as increased dual destination Chinese visitors arriving from Australia (particularly on China Airlines' services from Brisbane and Sydney).

### 12.9%

Domestic passenger volumes were up 12.9% in May 2013 compared to May 2012. This growth has continued to be driven by the strong competition on domestic trunk routes, with both Jetstar and Air New Zealand increasing passenger volumes year-on-year.

### 12.9%

Visitor arrivals from India were up 12.9% in May 2012 which was the 5<sup>th</sup> largest inbound market for the month (its equal highest position ever). There were more visitor arrivals from India in May than the more traditional Asian tourism markets of Japan and Korea.
