

June 2020 Monthly traffic update and July 2020 preview

-84.9% Auckland Airport total passenger volumes decreased by 84.9% in June 2020 versus last year. International passengers (excl. Transits) were down 97.0%, transit passengers were down 96.5% and domestic passengers were down by 70.9%.

Key Points:

- The decline in total passengers for June 2020 reflects the impact of the travel restrictions imposed by the New Zealand Government in response to Covid-19. The closure of the New Zealand border from 20 March 2020 to all but New Zealand citizens and permanent residents has had a significant impact on international services.
- On 9 June 2020, New Zealand entered Alert Level 1 lifting all domestic travel restrictions and Air New Zealand began increasing domestic capacity towards its target of 55% of pre-Covid-19 capacity for July 2020.

This monthly traffic update from Auckland International Airport Limited (AIAL) is generated with assistance and data from Statistics New Zealand, the New Zealand Customs Service, Airways New Zealand, Immigration New Zealand, Queenstown Airport Corporation and AIAL. International and Domestic passenger movements are actual. This document is intended for information purposes. It should not be considered a recommendation, offer or invitation to purchase securities. All reasonable steps have been taken to ensure that the information is true and accurate at the time of publication. *Maximum Certificated Take-Off Weight (MCTOW) forms the basis of determining airfield charges at Auckland Airport.

July 2020 Monthly traffic update preview

-70.8% Auckland Airport total passenger volumes decreased by 70.8% in July 2020 versus last year. International passengers (excl. Transits) were down 96.9%, transit passengers were down 94.7% and domestic passengers were down by 39.2%.

Key Points:

- The decline in total passengers for July 2020 reflects the impact of the travel restrictions imposed by the New Zealand Government in response to Covid-19. The closure of the New Zealand border from 20 March 2020 to all but New Zealand citizens and permanent residents has had a significant impact on international services.
- In July, domestic passenger numbers recovered further from the previous month, with Jetstar Airways resuming domestic jet services from 1 July 2020 and Air New Zealand increasing domestic capacity towards its target of 55% of pre-Covid-19 capacity for July 2020. As at publication date, it was unclear how significant the setback to the domestic passenger recovery would be from Auckland re-entering Alert Level 3 on 12 August and the rest of New Zealand re-entering Alert Level 2.
